Additional Notes:

CCC-TPP 2023/24 CCCCCO Legislative Budget Proposal

16 November 2022: This information will be shared publicly tomorrow during the Chancellor's Office Consultation Council meeting. The request still has to go through the legislative process, but hopefully it is some good news for the current grantees in terms of moving from a pilot to a more formal program.

Supporting California's Diverse Teacher Workforce (\$10 million ongoing)

The current teacher workforce crisis requires mobilizing around intentional strategies to meet these urgent sector needs. California Community College prepare 85% of the early childhood education (ECE) workforce in California and over 60% of current K-12 credential teacher applicants attended a California Community College. These statistics reinforce the fact that we are the workforce preparation engine for this sector and as such, need an organized response to addressing our state's teacher workforce crisis. This proposal seeks funding to support the creation of a CCC Teacher Preparation Program to strengthen college-level teacher preparation programs within the CCC system and to assist California in meeting the significant workforce needs in the areas of early care and education, transitional kindergarten, after-school, special education, bilingual education, and STEM areas. Funding will be used for technical assistance providers, work-based learning in teacher preparation programs, and development of dual enrollment and transfer pathways in these fields. The goal of this proposal is to strengthen, scale, and align the community college role in diversifying the teacher workforce and meeting workforce demands in education throughout California.

Note from 2 Dec convo: Cynthia is working with the CCCCCO people from the 'inside' and there is also some talk of adding to the initially proposed \$10M, possibly from the Baccalaureate program as they are showing very low numbers.

ACCCTEP

To: Community College Teacher Preparation Coordinators & Stakeholders

Just a friendly nudge... if you haven't completed the ACCCTEP Statewide Survey sent in November (see previous e-mail below), kindly do so before the hustle and bustle of the holiday and winter break. If you already completed the survey, thank you!

The purpose of this survey is to update the information of community colleges teacher preparation contacts across the state. We want you to continue to receive ACCCTEP information and resources related to teacher education programs. This will also inform us of ways we can support you and

CALIFORNIA COMMUNITY COLLEGES
Teacher Preparation Programs

help us communicate and distribute pertinent information and resources to all teacher preparation coordinators, faculty and stakeholders.

We sincerely appreciate your responses to the survey. Please [click the survey](#).

Have a wonderful day!
